

Ladies Ringers & Birdies

Updated May 2020

Ringers and Birdies Club are separate mini competitions that occur throughout the golf season. They start in April and usually end a few days before the September closing scramble. They're purely elective and are as much a competition with yourself as with other golfers.

The Ringers Club fee is \$10 and the Birdies Club fee is \$5. Please mail entry fee to Jean Goldsmith at 2985 Hillcrest Road, Schenectady, NY 12309.

2020 Social Distancing Update

Until further notice, all Ringers and Birdies updates should be emailed to Jean Goldsmith at jmogold@gmail.com.

Ringers Club:

- To start your Ringer score you must play a full 18 hole or 9 hole game and record it on a ringer slip; have it attested to by another player; and then place the completed ringer slip into the ringer box. This becomes your base score.
- During the course of the season, any time you “beat” one or more of your holes, enter those individual scores into the Ringer program. Each time you enter a ringer score, your playing partner must attest to your score and you must sign and date it. Please enter your full name on the ringer slip.
- Prizes are awarded following the last ladies scheduled tournament event. Depending on participation, there will be flights, with gross and net prizes for each flight. We will use handicaps that are valid on the cut-off date at the end of the season.

Birdies Club:

- On the same ringer slip, you will report any Birdies during the course of the season, including repeats on holes. Use a ringer slip to record your birdie, which your playing partner must attest to. Repeat Birdies on a particular hole count.
- Payout per birdie — the total amount of Birdie Club money collected/total number of recorded Birdies. We award these payouts after the last ladies scheduled tournament event.
